

Industry Leader in Custom Application-Specific Equipment

- **Hot or Cold Water Pressure Washers**
- **Steam Cleaners**
- **Steam Generators**
- **Water and Solution Heating Systems**
- **THOUSANDS of Custom Options**

**The exact equipment you need
from a name you trust.**

**Sioux has thousands of custom designs available!
Below are a few examples.**

**Multi-Gun
Cleaning Systems**

**Hot Water
Pressure
Washers**

Steam Generators

**Explosion-Proof
Pressure Washers**

**Proven
durability
and
reliability
makes
Sioux your
best choice.**

**Hot Water
Pressure Washers**

Steam Cleaners

**Water
Heating
Systems**

Sioux can design and build the exact equipment you need!

Application-Specific Equipment That ONLY Sioux Can Offer!

CUSTOM-DESIGNED MACHINES...

For 70 years, Sioux has been the industry leader in custom-designed machines for application-specific needs. When it comes to water heating systems, pressure washers, steam cleaners, and steam generators, we can design and build exactly what you need. In fact, over 50% of our production is modified, custom or application-specific equipment. Sioux has designed units that are now operating below sea level, in the desert, in arctic conditions, in the jungle, and at over 12,000 ft. elevation.

There is very little that Sioux cannot do!

CUSTOMER-SPECIFIED COMPONENTS...

- Pumps (AR, Cat, General, Giant, Grundfos, Hypro, UDOR, and others)
- Gas and Diesel Engines (Briggs & Stratton, Caterpillar, Cummins, Honda, Kohler, Kubota, Lombardini, and others)
- Trailers (highway or non-highway rated)
- Special hoses, reels, guns, nozzles, lights, and other accessories
- Wide range of temperature and safety controls, timers, time delays, hour meters, and other controls
- Stainless steel wetted parts

CUSTOM FRAMES & MOUNTINGS...

- Custom configurations to meet your needs
- Carbon steel, galvanized steel, stainless steel, or aluminum frames
- Custom paint colors and types
- Portable, stationary, or skid mounted

CUSTOM ELECTRICAL SYSTEM OR SETUP...

- Alternate electricals including (50Hz or 60Hz and 120V, 208V, 240V, 380V, 400V, 415V, 480V, 575V and 600V)
- The most extensive line of electrically heated, all electric pressure washers, and steam cleaners
- Explosion-proof options available on most designs
- Central cleaning systems and multiple gun machines
- Chemical or sand-grit injection

HIGH-PERFORMANCE UNITS...

- 10,000 PSI, 100 GPM, or more

SELF-CONTAINED UNITS...

- Water, Fuel, and Chemical Tanks
- Generators
- Trailers
- Anti-Freeze systems

SPECIAL CODES & CERTIFICATIONS...

- ASME/Hartford, UL, NEC, CEC, AGA, CGA, ATEX, and most others
- ASME Certified Welders

COMPLETE ENGINEERING CAPABILITIES...

- Complete Engineering Submittal Packages and Certified Drawings
- Auto CAD and Solid Works Computer Drawings
- Specification Recommendations for Custom Applications

Call Sioux TODAY to discuss your specific needs, and how Sioux can utilize 70 years of custom design and manufacturing experience to help determine the best solution for you.

Reliability Since 1939

Sioux is the *ONLY* manufacturer to offer:

- The most experience in building application-specific steam cleaners, pressure washers, water and solution heaters, and steam generators in the industry.
- The most extensive line of All-Electric (electric-motor-driven water pump, and electrically heated water) cleaning equipment, for indoor and outdoor use.
- Explosion proof designs for use in hazardous areas. Third-party certification to UL1776/CSA22.2, and UL1203/CSA22.2 No30-M. ASME approved/Hartford inspected equipment. ASME-certified welders.
- Rugged, dependable, high performance industrial-quality equipment.
- Extensive spare parts department, with over 300,000 parts, and over 8,000 unique part numbers in stock (twice the average for equipment manufacturers), to help keep your equipment running, with same-day shipment available.
- Heavy-duty machines that are easy to install, operate, and maintain.
- A recognized and trusted brand name you can count on - Quality Since 1939!

Put Sioux's experience and custom capabilities to work for you to solve your most challenging problems. Whether a job is big or small, we have the team to build heavy-duty, industrial-quality, dependable equipment to meet your requirements.
